

Amendment

Point Edward Memorial Arena Reopening Injured Player Arena Access

This amendment aims to provide clarification regarding the ability for injured PEMAA hockey players to be permitted in the arena while unable to attend their practices/games.

ALL PEMAA rostered players that are injured and unable to attend practices/games for the duration of their injury ARE permitted to enter the arena facility as a spectator.

Please note the following:

- The injured player is permitted to bring ONE parent/guardian to attend as a spectator.
- The injured player and their parent/guardian are permitted to share a spectator spot if they both live in the same social bubble.
- The injured player and their parent/guardian can enter the facility only during their rostered teams ice time(s). They will not be permitted in the arena at any other time.
- The injured player and their parent/guardian must still complete a self-assessment prior to each visit, as per the PEMAA rules.
- The injured player and their parent/guardian must proceed directly to the spectator area upon entering the arena (ie. not permitted in the change room)
- As with all our guests, please stay home if you are not feeling well.

Thank you for your continued cooperation during this challenging time.
