

## Easing of Public Health Measure - 2022

### Point Edward Memorial Arena

With the recent provincial announcement of the gradual easing of public health measures, effective **Monday, January 31, 2022 at 12:01 am**, the following restrictions will apply to all users of the Point Edward Memorial Arena.

NOTE: the proof of vaccination requirement is still applicable. Enhanced vaccine certificates (ie. QR code) **MUST** be presented to the screening staff at the door when entering the facility. Printed or photocopied vaccine receipts will **NOT** be accepted. Medical exemptions must follow the Province of Ontario requirements for exemptions.

**Total cooperation is needed by all our users to ensure everyone is safe and we have continued use of the facility going forward.**

- On-ice participant limit in the arena is capped at **70** people, as per Village of Point Edward policy. Two-meter separation from other ice users must be maintained.
- Spectator limit in the building is capped at **429** people, as per O. Reg 364/20. Spectators not from the same household must maintain a two-meter separation from other spectators.
- As per provincial order and municipal by-law, **MASKS MUST BE WORN AT ALL TIMES** by parents/guardians and at all times for players other than when they are on the ice.
- Coaching staff must wear face coverings when on the bench. See the full operational plan for information on exemptions.
- Change rooms **MUST** be vacated 30 minutes after the ice time ends – **NO EXCEPTIONS**.
- Showers are permitted to be used. Users must maintain two-meter distance from others.
- No alcohol is permitted in the changerooms – **NO EXCEPTIONS**.
- User groups are responsible for obtaining names and contact numbers for all members associated with their program (ie. kids and parent/guardian spectators) along with the dates they were in the facility. This list must be kept for 30 days, as per provincial requirements for contact tracing.
- Anyone entering the arena must do a self-assessment prior to arriving. If you have any COVID symptoms, **stay home**.

The use of the arena is a privilege, not a right. We ask that all users follow the restrictions in place to ensure a safe and enjoyable facility for everyone. The Village of Point Edward will not tolerate any blatant contraventions of these restrictions and will immediately ban any user who does not cooperate.

This includes ANY mistreatment of facility staff. If your opinions or views on the ongoing pandemic are opposite of the regulations in place we recommend you do not attend the facility.
